## 2014 International Trade Compliance Webinar Series

### Global Trade and the Global Supply Chain: Key Issues for 2014

Join us for our 2014 International Trade Compliance Webinar Series. Our focus this year will be on "Global Trade and the Global Supply Chain: Key Issues for 2014." We expect this year to be an exciting year, with many developments on the trade regulation side. We will start our series with a discussion of FCPA enforcement trends, compliance practices and management of third parties. We will also conduct several webinar sessions that will focus on voluntary self disclosures in the export context and country of origin, valuation and used goods in the Customs context. We will also have sessions on major trade agreements and new environmental obstacles for placing products in EU, Russian/CIS and Asian markets. Terrie Gleason of our Washington DC office, Co-Chair of the Global Customs Practice, will moderate these webinars (unless otherwise noted).

All webinars will begin at 11:00 AM Eastern (US) and are scheduled to run approximately 90 minutes. If you reside in a different time zone and wish to verify your time - please click on the following link: [www.timeanddate.com](http://www.timeanddate.com).
