

Basic But Practical Series

In July 2015, the Law Office of Lawrence W. Hanson, P.C. and the Center for Global Trade Education and Compliance started a 30 webinar training program entitled the Basic But Practical series™ (BBP). The BBP consists of 20 webinars on basic import topics and 10 webinars on export control topics and was designed to make sure that clients and now the general public have a coordinated training opportunity for employees. While discounts are given to those who sign up and commit to the full 10, 20 or combined 30 webinars, you can also participate on a class by class or a la carte basis as well.

In the Basic But Practical Series, we will present a mini-series on classification in three parts:

Classification I: 11/2/15 - Basic Classification Pursuant to the HTSUS

Classification II: 1/4/16 - Special Topics in Import Classification

Classification III: 1/18/16 - Classification Best Practices and Due Diligence

You are welcome to join us for one or all of these informative webinar presentations.
