

Cargo Theft & Security:

The Current Risks, The Best Defense

WEDNESDAY, SEPTEMBER 14, 2016
1:00PM EDT

Join Supply & Demand Chain Executive for a complimentary webinar to learn why cargo theft and security remains top of mind for supply chain executives. A panel comprised of security experts, insurance executives, and others will examine cargo theft trends and developments along with the best strategies for prevention. Key topics will include:

- Country-specific cargo security programs other than C-TPAT
- Techniques to standardize security efforts
- How to implement technology solutions to help maximize visibility
