Is your company working to improve or build its export compliance program? If so, you may benefit from KPMG LLP's webcast on ***Establishing a Leading Export Compliance Program***.

This webcast will cover concepts and strategies for creating and transforming an export compliance program regardless of company operations, culture, complexity or products and technologies. Specifically, it will cover the following:

- Strategies for implementing U.S. Department of State – Directorate of Defense Trade Controls and U.S. Department of Commerce – Bureau of Industry and Security recommended elements of an export compliance program
- Approaches for determining the mission and scope of the export compliance function
- Integrating export compliance measures across the company
- Ways in which technology solutions can support export compliance
- Monitoring the health of the export compliance program

This webcast will be of greatest interest to export compliance and trade compliance managers and executives who are considering strategies to build or improve their export compliance program.

To register for this webcast, click [here](#).

After registering, you will receive details on how to log in to the Webcast or dial in for audio-only participation. Continuing professional education (CPE) credit is available to U.S. participants who meet the eligibility requirements.

We hope that you can join us for this event.
