

Export Compliance Webinar Series

Restricted Party Screening

TUESDAY, SEPTEMBER 22, 2015
2:00PM - 3:00PM EDT

Establishing an Export Compliance Program (ECP) can be a daunting task. Don't worry, we can help! Join Amber Road for our complimentary two-part export compliance webinar series. We will address the key steps of building an ECP (restricted party screening, product classification, and transactional screening), and show you how Export On-Demand can help.

The first webinar in the series will review the most common first step of any Export Compliance Program: **Restricted Party Screening**; an important process that, if done manually, can take up valuable time and resources.

During this webinar, we will show you how Export On-Demand can help automate the screening process, and how easy it is to implement the software across your organization.
