The ISA Program is a voluntary approach to trade compliance and is based on the premise that importers with strong internal controls achieve the highest level of compliance with CBP laws and regulations. The program provides the opportunity for importers who have made a commitment of resources to assume responsibility for monitoring their own compliance in exchange for benefits. Kirk Bualicex, Import Manager with The Container Store, will discuss the pros and cons and his ISA journey. Participants will learn:

- Why Partner with Customs on ISA
- Benefits
- Industry Trends with ISA, C-TPAT & CEEs
- Strategic Partnerships with Brokers & Forwarders
- Control Environment
- Risk Assessment
- Control Activities
- Information and Communication
- Monitoring
