

Scary Challenges for Trade Compliance

As we approach Halloween and push towards the busy year-end holiday season, we may find a few corners may be cut to get the product out in time and make deadlines before the end of the year. Be careful; many times a small error in your trade compliance could be costly and time-consuming, sure to ruin your holiday celebrations.

In the spirit of the season, we have teamed up with [Crowd.Trade](#) and compiled a list of scary challenges the horrible Miss Compliance the unfriendly Trade Witch is throwing into her Cauldron of Problems. Don't be scared to tackle these challenges and take a good look at your practice to make sure that proper measures are taken to keep the product moving and customs off your back.
