

A photograph of the Houston skyline at night, with several skyscrapers illuminated against a dark blue sky. In the foreground, there is a green lawn and some trees, with a path leading towards the buildings.

Trade Compliance Seminars

Houston Texas

February 23 - 24, 2016

Classification Best Practices.

This seminar on February 23, 2016, will cover topics such as basic classification principles, import/export classifications, classification examples using US Harmonized Tariff Schedule, standardization and management across multiple divisions/regions, and steps to developing a classification program in your company. This seminar is well suited for those new to classification or those looking to build a compliant classification program in their organizations.

Is Your Export Program Healthy?

This seminar on February 24, 2016, will be a check-up for your export compliance practices. Whether you are just starting to export or if you have been exporting for a while, this seminar will give you the tools to make sure your export program is healthy and compliant. Topics to be covered include screening best practices, license requirements, tracking and documentation, audit preparedness, managing the AES process, understanding C-TPAT for exporters, and incoterms for exporting.

Registration for these seminars is \$350 for one session, or \$650 for two sessions (excluding travel and hotel expenses). Registration fees include materials plus breakfast, lunch and breaks.

Integration Point has secured a reduced hotel room rate (\$159 plus tax) at the Crowne Plaza Hotel Downtown Houston. This is also where the seminars will be held. Once you register that information will be sent to you.

Space is limited to 25 people per session.
