If the changing trade policy environment impacts your business or supply chain, you may benefit from KPMG LLP's one-hour Webcast hosted by Trade & Customs professionals, where they will cover:

- Renegotiation of the NAFTA, including potential key changes
- Various executive and statutory tools being used by the Trump administration to obtain trade objectives, including remedies that may impact custom duties and the flow of goods
- Enforcement trends.

This Webcast will be of greatest interest to import and export compliance and trade professionals and executives who are considering how to strategically plan for what's ahead.
