The Trade Facilitation and Trade Enforcement Act was signed by President Obama on February 24, 2016. Over one year later, KPMG LLP's most senior Global Trade professionals reflect on the impact it has had and what they and their clients are seeing from U.S. Customs and Border Protection in terms of regulatory audit focus, investigations and other enforcement activities. They will share industry specific enforcement examples and illustrations to help bring clarity to the current trade enforcement environment and direction.

This Webcast will be of greatest interest to import and export compliance and trade professionals and executives.
