

Trade Compliance Seminars

Exports, FTAs and Classification

June 23 - 25, 2015
Chicago, Illinois

TOPICS WILL INCLUDE:

June 23, 2015: **Is Your Export Program Healthy?**

Whether you are just starting to export or if you have been exporting for a while, this seminar will give you the tools to make sure your export program is healthy and compliant. Topics to be covered include screening best practices, license requirements, tracking and documentation, audit preparedness, managing the AES process, understanding C-TPAT for exporters, and incoterms for exporting.

June 24, 2015: **Beyond NAFTA: Managing More than US Agreements & Understanding Rules of Origin Differences Across Various Regions.**

This seminar will share best practices on what companies need to manage free trade agreements beyond NAFTA, how to manage multiple trade agreements, and take a look at specific US trade agreements in depth. This seminar will include a special focus on rules of origin across multiple regions and what you need to understand about each region for effective FTA management.

June 25, 2015: **Classification Best Practices.**

This seminar will cover topics such as basic classification principles, import/export classifications, classification examples using US Harmonized Tariff Schedule, standardization and management across multiple divisions/regions, and steps to developing a classification program in your company. This seminar is well suited for those new to classification or those looking to build a compliant classification program in their organizations.

★ SOMETHING EXTRA

Everyone that registers for the Classification Best Practices seminar will receive **3 months (or 500 searches) free on Integration Point Global Trade Content** which provides access to regulatory data such as HS numbers, duty rates, and more for over 175 countries.
