Why Attend?

It is predicted that 85% of global economic growth will occur outside the US 2013-2018.

(World Economic Outlook, International Monetary Fund, 2013)

U.S. business service companies that export have 100% greater sales than those that don't and their wages are 20% higher.

(J Bradford Jenson, Peterson Institute for International Economics, 2011)
