## **Job Opportunity**

Company	Vibracoustic
Job Title	Manager – US Customs & Trade Compliance
Location	South Haven, Michigan
Salary Range	Depends on Experience
Relocation Assistance	Yes

### **Job Description / Responsibilities / Requirements**

Vibracoustic is the leading supplier of anti-vibration solutions for the global automotive and commercial vehicle industries. The company came into being from the joint venture TrelleborgVibracoustic and generated sales of EUR 1.9 bn in 2015. Vibracoustic has around 10,000 employees at 43 engineering and production sites, in 19 countries, who develop and produce powertrain and chassis components for automotive vibration control. For more information, see [www.vibracoustic.com](http://www.vibracoustic.com).

### **Job Objective**

The Manager – US Customs & Trade Compliance ensures Vibracoustic USA meets US CBP and OGA regulations for import and export activities. This position plays a key role in the strategy development, implementation and governance of trade compliance program in the NAFTA region.

### **Essential Duties and Responsibilities**

- Manage the Customs & Trade Compliance program in the US for the purpose of mitigating risk to the company.
- Assist in the development and management of the NAFTA region customs broker strategy including auditing, performance monitoring, process improvement and service contract negotiation.
- Maintain Integration Point GTM portal including part number trade data and DPS process.
- Conduct internal audits / self-assessments at manufacturing plants and corporate offices in the USA.
- Develop, monitor and report quarterly established KPI's and ACE reports.
- Perform regular entry audits and report results.

- Responsible for classification of all components and finished goods.
- Review valuation questions ensuring compliance to US regulations.
- Maintain trade compliance manuals for US entities.
- Investigate, leverage and maintain adherence to FTAs.
- Work closely with logistics team members to develop, implement, monitor and maintain supply chain security measures.
- Develops, implements and maintains cost effective and efficient practices for customs clearance and international shipping in partnership with business unit partners and subject matter experts.

### **Qualifications**

- Bachelor Degree in International Trade, Supply Chain Management or related field.
- 5 years of experience in Customs & Trade Compliance, preferably in the automotive industry.
- Proven ability to interface with cross-functional and international teams and all levels for personnel and management
- Strong organizational and communication skills with the ability to turn detailed data analysis into clear and concise measurables with recommended actions.
- Knowledge of FTA/NAFTA qualifications.
- CCS/CES required.

**Reports to: Director of Customs & Trade Compliance NAFTA region**
