## About GLOBALFOUNDRIES

**GLOBALFOUNDRIES** is the world's first full-service semiconductor foundry with a truly global footprint. Launched in March 2009, the company has quickly achieved scale as one of the largest foundries in the world, providing a unique combination of advanced technology and manufacturing to more than 250 customers. With operations in Singapore, Germany and the United States, **GLOBALFOUNDRIES** is the only foundry that offers the flexibility and security of manufacturing centers spanning three continents. The company's 300mm fabs and 200mm fabs provide the full range of process technologies from mainstream to the leading edge. This global manufacturing footprint is supported by major facilities for research, development and design enablement located near hubs of semiconductor activity in the United States, Europe and Asia. **GLOBALFOUNDRIES** is owned by the Mubadala Development Company. **Position Title:** Senior Trade Compliance Specialist

**Work Area:** Legal – Global Trade Compliance

**Location:** East Fishkill, NY US

## Summary of Role:

GLOBALFOUNDRIES is seeking a passionate and knowledgeable Trade Compliance professional who would relish the opportunity to build and manage compliance for a growing and exciting business. The Sr. Trade Compliance Specialist will join a team of trade compliance professionals responsible for GLOBALFOUNDRIES' Global Trade Compliance Program, which is part of the Legal Department.

This role will help define and execute procedures related to export and import compliance regimes in the United States and internationally and will be focused on a number of key operational areas including policies and controls for export and import trade compliance at our East Fishkill site.

## Essential Responsibilities:

- Assist in the development and implementation of GLOBALFOUNDRIES' Global Trade Compliance Program with a global team based in the United States, Germany and Singapore. Maintain, review, and update trade compliance manuals.
- Implement business processes and procedures through automation, when applicable.
- Partner with numerous organizations within the Company including Legal, Logistics, Supply Chain, Sales, IT, and Engineering to develop and execute defined procedures.
- Provide advice and counsel on trade requirements for major initiatives and special projects.
- Lead export compliance activities such as EAR and ITAR classification, licensing of products and technical data, foreign national screening and licensing (deemed exports), denied party screening, export clearance of company's goods and technology, and recordkeeping.
- Provide ongoing training, development, and guidance for internal employees and external vendors and suppliers.
- Lead, develop, implement, and manage appropriate KPI's (Key Performance Indicator) for Trade Compliance aligned with customs broker and freight forwarder management.
- Classify products under appropriate Harmonized System codes.
- Conduct internal audits to ensure compliance with US and applicable global regulations; conduct Post Entry Audit for exports and imports.
- Provide technical and hands-on expertise in the area of daily export and import compliance.
- Monitor, review and interpret import and export regulations, laws and requirements including other government agency (OGA) regulations and US and foreign export regulations to help revise compliance policies and practices in accordance with changing legal framework and business models.
- Perform all activities in a safe and responsible manner and support all Environmental, Health, Safety & Security requirements and programs.

## Required Qualifications:

- Bachelor's degree required
- Minimum 5 years of experience in International Trade Business and Compliance roles with experience in the development and management of export compliance programs
- Experience in applying international trade principles, concepts, and best practices to support export and

import activities

- Understanding and knowledge of U.S. Export and Import Regulations and industry best practices
- Experience with encryption, technology transfers, and deemed export programs
- Strong classification skills for both export and import
- Experience with the intricacies of customs valuation determination
- Excellent oral and written communication skills with the ability to present to an audience who may or may not have an understanding of international trade
- Action and results oriented, flexible, hardworking, team player, and motivator; strong analytical skills, decision making ability, and project management skills; must thrive in a fast paced business with frequent and rapid priority changes
- High level of integrity and professionalism, including dealing with complex and sensitive matters
- Willingness to travel both within U.S. and internationally

**Additional Eligibility Qualifications:**

An offer of employment with **GLOBALFOUNDRIES** is conditioned upon the successful completion of a background check and drug screen, as applicable, and subject to applicable laws and regulations.

**Preferred Qualifications:**

- MBA, J.D. or Engineering degree a plus
- Experience in Oracle ERP system and GTM
- Experience with Focused Assessments, Importer Self Assessments, and/or C-TPAT a plus
- PMP or Six Sigma experience beneficial
- Licensed Customhouse Broker or equivalent certification

**GLOBALFOUNDRIES** is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, gender, sexual orientation, gender identity, national origin, disability, or protected Veteran status.
