

Trade Compliance Auditor

As part of the Internal Audit team, the individual will be responsible for auditing US and International Customs documentation/data and internal documentation/data against Customs entries to ensure that the company and its three business units maintain a high-level of compliance with US and International Customs regulations. This role will report directly to the Vice President -- Internal Audit.

WHAT WILL BE YOUR PRIMARY RESPONSIBILITIES?

- Develop the Annual Trade Compliance Audit Plan utilizing a risk-based approach with the assistance of the Manager, Global Trade Compliance.
- Update and execute the company-wide export and import audit program. Provide counsel and advice to management related to the development of Management Action Plans to correct audit findings/control deficiencies/inefficiencies. Prepare audit reports and memorandums to concisely communicate audit results.
- Perform follow-up activities to ensure that Management Action Plans are completed as agreed to and on a timely basis.
- Prepare quarterly reporting as to the status of the Annual Audit Plan and Management Action Plans for the Vice President - Internal Audit, Senior Management and the Brunswick Audit Committee.
- Oversee outsourced provider for international trade compliance audits.
- Perform or assist with special projects as they arise.
- Working with the Manager, Global Trade Compliance, monitor regulatory and legislative changes in order to ensure that policies and procedures are current, determine the potential impact to the company and adjust the audit program/approach as deemed necessary.
- Identify potential best practices, including automation, to improve the quality and efficiency of trade compliance activities.
- Evaluate possible improvements in the use of cost management programs such as, Duty Drawback, Foreign Trade Zones, NAFTA and other Free Trade Agreements.
- Update/enhance the current employee training program and associate training materials. Ensure required training is completed and documented.

WHO ARE WE LOOKING FOR?

- Bachelor's degree
- Licensed Customs Broker is preferred
- 4-6 years of experience
 - Minimum of 3. (Heavy US experience and exposure to Brazil, Europe, Canada, Mexico)
- Ability to interact and communicate with all levels of management, from clerical staff to senior executives (i.e. influence others and gain buy-in)
- Ability to balance the need to help the business make positive change yet remain objective and independent
- Ability to review and analyze facts and trends to formulate practical recommendations for control deficiencies and improvement opportunities
- Ability to evaluate management responses and action plans to effectively mitigate risk within a reasonable time frame
- Effective project and time management
- This position requires up to 25% travel within and outside the USA
