

# ICPA Kidz Kamp

At every spring conference, ICPA and a few of our amazing sponsors offer free child care and discounted family entertainment for our conference attendees. ICPA believes family is the most important thing in life. Sometimes, work pulls us away. At ICPA, we want to ensure we help everyone enhance their career by providing engaging and educational conferences and help them create memories of a lifetime with their family.

So, bring your kids, your best friend or anyone you call “family” to our next conference! Spend the day getting educated while we entertain your family then at night, make some memories of your own! Registration must be complete 3 weeks prior to conference dates.
