Company Overview:

Teledyne is an Equal Opportunity/Affirmative Action employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, religious creed, gender, sexual orientation, gender identity, gender expression, transgender, pregnancy, marital status, national origin, ancestry, citizenship status, age, disability, protected Veteran Status, genetics or any other characteristic protected by applicable federal, state, or local law.

If you need assistance or an accommodation while seeking employment, please email teledynerecruitment@teledyne.com or call (805)373-4545. Determinations on requests for reasonable accommodation will be made on a case-by-case basis. Please note that only those inquiries concerning a request for reasonable accommodation will receive a response.

Position Summary and Responsibilities:

This position requires the development, implementation and management of the import compliance functions as it relates to imports across the corporation. The role demands exceptional communication and collaboration skills, and a strong import trade expertise. The Corporate Manager –Import Trade Compliance will support the Senior Corporate Director, International Trade Compliance and the Legal Department in managing imports across the corporate platform, interacting with all of the various Teledyne companies and business units. At times, the Manager may also need to support the export compliance function.

Duties and Responsibilities:

Manager will be expected to accomplish at least the following:

- Analyze and interpret requirements for import compliance as they relate to the U.S. Customs and Border Protection; and other applicable Government Agency regulations worldwide.
- Develop quality import training material and provide functional training to personnel at business unit level.
- On a dotted line reporting basis, manage and support business unit-level Import Leads and Administrators throughout the company.

- Develop and deploy corporate standardize policies, processes and best practices on import trade compliance to ensure compliance with customs and other applicable government agency's regulations worldwide.
- Identify potential areas of import compliance vulnerability and risk within the organization; and work to appropriately evaluate, investigate and resolve or mitigate potential risk.
- Develop and implement corrective action plans for resolution of problematic issues, and provide guidance on how to avoid or deal with similar situations in the future.
- Conduct import audits and assessments at various Teledyne worldwide sites and consult with Senior Corporate Director and Corporate Legal as needed to resolve any legal compliance issues.
- Assist with investigation and drafting of voluntary disclosures to Customs authorities and other government agencies.
- Assist with acquisition due diligence as it relates to import compliance.
- Works closely with Senior Corporate Director and the newly acquired business units to integrate the acquisition into the Teledyne Trade Compliance program.
- Conduct facility assessments for import compliance
- Other duties as assigned
- Hours are generally 8:00 a.m. to 5:00 p.m., although some evening and weekend time may be required.

Qualifications:

Experience: Bachelor degree is required, an advanced degree is preferred. Practical experience implementing import trade compliance programs across multiple companies is mandatory. Export compliance experience a plus.
