Job Requisition ID: EB15095
Job Title: Global Compliance Manager
Job Type: Full-Time
Location: Milwaukee, WI

Job Description:**POSITION SUMMARY:**

The Global Compliance Manager is responsible for developing, implementing, and managing our import/export management structures and systems for domestic/international compliance for Briggs & Stratton products worldwide. Will develop, implement, and maintain manuals and written procedures; provide inside and outside training to employees; and develop and follow a compliance audit schedule. Will ensure that export compliance programs are in place at all offices and plants worldwide and can pass audits done by the U.S. Department of Commerce, Treasury or any other Government agency. Provides technical support on issues related to import/export compliance programs. Is responsible for complete and up-to-date understanding of export administration regulations, customs regulations, harmonized tariff schedule and company products. Will serve as contact with U.S. Department of Commerce and U.S. Customs regarding classification of company products. Will interact with legal team as regulatory issues dictate. Some travel required.

JOB RESPONSIBILITIES:

1. Proper classification of product by HTS
2. Country of Origin Certification (Supplier/Customer)
3. Manage Customs Valuation compliance
4. Duty Drawback Program
5. Government Programs (i.e. C-TPAT)
6. New Business Requirements as it relates to Global Customs Compliance
7. Perform other duties and responsibilities as requested or required

JOB SKILL REQUIREMENTS:

- Well-developed verbal and written communication skills to effectively interact with diverse groups of people
- Well-developed organizational skills to manage and monitor multiple priorities and objectives

- Proven project management skills, and current and complete understanding of import/export regulatory requirements
- Excellent customer service skills
- Basic understanding of Briggs & Stratton products preferred - may include internal combustion engines
