Posting Title	Global Trade Compliance Specialist (46-48)
Location	Kearny Mesa
City	San Diego
State/Region/Province	California
Country	United States
Auto req ID	4530BR
Position Category	Salaried
External	
Shift	1st Shift
Company	Solar Turbines Incorporated
Company Info	

Headquartered in San Diego, California, USA, Solar Turbines Incorporated, a subsidiary of Caterpillar Inc., is one of the world's leading manufacturers of industrial gas turbines, with more than 15,000 units and over 2 billion operating hours in over 100 countries.

Products from Solar Turbines play an important role in the development of oil, natural gas and power generation projects around the world. Solar Turbines' products include gas turbine engines (rated from 1590 to 30,000 horsepower), gas compressors, and gas turbine-powered compressor sets, mechanical-drive packages and generator sets (ranging from 1 to 22 megawatts).

Solar's customers put the company's products to work in many areas including production, processing and pipeline transmission of natural gas and crude oil and generation of electricity and thermal energy for processing applications, such as manufacturing chemicals, pharmaceuticals, and food products.

Solar's foundation is people and Solar's culture is one where individual contributions are valued, diversity in the workplace is encouraged, and safety is emphasized in all aspects of the business. Solar Turbines is comprised of a dedicated and multi-talented workforce of more than 7,000 employees with decades of experience working as a global team.

Job Description

The primary objective of this position is to ensure the company is compliant with U.S. and other country's government trade compliance regulations. This is accomplished by performing transactional processes and implementing improvement projects. A thorough understanding of trade compliance regulations and software systems including the ability to perform Restricted Party Screening, embargo hold management, export licensing management, ECCN analysis, supplier solicitation campaigns, country of origin determinations, Free Trade Agreement qualification analysis, and generating documentation for shipments is required. The position is responsible for interpretation of U.S. Export Controls regulations, including OFAC and BIS sanctions as well as for the free trade agreement qualification of Solar parts and products to ensure compliance with U.S. and foreign FTA regulations.

Principal Accountabilities:

- Russian sanctions management, including Russian company ownership structure reviews, Russian transaction reviews, order hold maintenance and releases

- Other country sanctions monitoring and management
- Perform RPS screening in Trade Automation (trade compliance software system)
- Process U.S. export licenses
- Solicit vendors for FTA and country of origin qualification
- Qualify Solar manufactured commodities for various FTAs
- Produce preferential and non-preferential Certificates of Origin
- Assist with Customs Compliance and related compliance assessments of global Solar facilities
- Support the department and global Solar offices with U.S. Export Controls issues
- Interpret U.S. Export Controls regulations
- Assist with special projects
- Review, analyze and organize large amounts of data

Minimum Qualifications

Proficient knowledge of U.S. Export regulations (EAR, ITAR, OFAC), as well as U.S. Customs regulations, HTSUS and FTA regulations.

Excellent understanding of Other Government Agency regulations as related to the relevant GTC area (classification, import, export and FTA's).

Four-year degree in a related discipline (e.g. Business Administration, Supply Chain, International Management) or equivalent foreign degree.

Trade compliance industry experience (5 - 7 years).

Proficient knowledge of Trade Compliance Software systems.

Experience in Microsoft Office applications.

Preferred Qualifications

Master's degree preferred.

Current certifications and/or credentials in trade compliance.

Strong planning and organizational skills, sound decision making skills and proactive problem solving abilities.

Excellent interpersonal and communication skills.

Ability to work well within a diverse group environment.

Relocation Eligibility

This position does not qualify for relocation.

Travel Requirements

Less than 25%

Benefits Eligibility

Solar Turbines offers a competitive compensation and benefits package including medical, dental, life insurance, vacation, 401k, incentive bonus, tuition reimbursement and professional development/advancement opportunities.

Visa Eligibility

Applicants must be currently eligible to work in the country in which this position is located. For information on employment eligibility in the United States, please visit the U.S. Immigration Services website.
