

Trade Compliance Specialist

US-CA-Newark

Overview

We have an immediate opportunity for a Trade Compliance Specialist in Newark, California. The ideal candidate must have 1-3 years in international trade, import/export operations, import/export compliance, or equivalent experience. Experience with Salesforce required as well.

The Trade Compliance Specialist will provide export and import trade compliance support.

Responsibilities

-) Participate in projects to enhance trade compliance efficiency and value contribution.
-) Collaborate on, implement and help monitor company-wide policies and procedures to ensure compliance with US and foreign import and export regulations.
-) Contribute to the creation and maintenance of compliance manual, processes, work instructions, and other requirements as needed.
-) Perform day-to-day trade compliance and logistics activities.
-) Partner internally and externally to manage international shipments by liaising with warehouse/logistics staff, freight forwarders/customs brokers, and other stakeholders.
-) Provide support for obtaining applicable shipment permits and product certificates.
-) Assist in the determination and assignment of Harmonized Tariff classifications, and ECCN numbers.
-) Support customer compliance and reliability screening, screening for end-use and end-users and review for Red Flags.
-) Assist with the design and delivery of trade compliance training for various internal audiences.
-) Assist the Director of Global Trade & Compliance with the implementation of various Trade related programs and duties.
-) Embrace and support FusionStorm's mission and core values.

Qualifications

-) Bachelor's degree
-) 3-5 years in international trade, import/export operations, import/export compliance, or equivalent.
-) Experience with Salesforce.
-) Legally eligible to work in the United States
-) Attention to detail and data integrity; with high level of diligence and professionalism.
-) Proficient in MS Word, Excel and PowerPoint.
-) Knowledge of standard logistics and transportation requirements and procedures.

-) Excellent interpersonal skills and proven ability to interact effectively with all levels of an organization.
-) Strong analytical problem solving skills with a high attention to detail.
-) Solid organizational and time/project management skills.
-) Strong quantitative, analytical and critical thinking skills.
-) Individual must be a self-starter.
