## Sr. Analyst, Global Trade Compliance-015675

Assess and ensure the compliance of Edwards, its Vendors, and entities of Edwards with all government import and export laws within assigned countries and regions.

### Job Functions:

- Assess Global Edwards and vendor facilities performing trade compliance duties on behalf of Edwards to identify and resolve trade compliance issues.

- Develop strategies and create processes for import brokerage and/or export licensing at global locations.
- Provide notification to the U.S. and other government agencies regarding movement of goods in and out of the country.
- Product Classification - Analyze and establish appropriate classification of product to meet U.S. government import and export requirements including the Schedule B, HTS, ECCN, TSCA, and COO.
- Product Qualification - Determine and document whether product qualifies for preferential treatment under various government FTAs.
- Systems Super User – Configure, write test scripts, perform testing, and implement Edwards' automated trade compliance system globally.
- Applying knowledge of laws and regulations, provide guidance to departments (such as, clinical, sales, marketing, legal, etc.) within Edwards seeking to move product between countries.
- Other projects and incidental duties, as assigned.

#LI-AZ1

### **Required Education/Skills/Experience:**

- Bachelor's degree required preferably in business administration or a related field plus 5 years of business related experience or Master's Degree with some business experience.
- Broad understanding of both U.S. and global trade compliance laws and regulations.
- Capable of performing audits and developing well written, user-friendly compliance processes and procedures.
- Backend IT system skills with experience in system configuration, test script writing, system testing, and troubleshooting.
- Strong communication (verbal and written), presentation, attention to detail, interpersonal, and systems skills are key.
- 10%-25% U.S. and international travel required.

Edwards Lifesciences is the global leader in patient-focused medical innovations for structural heart disease, as well as critical care and surgical monitoring. Driven by a passion to help patients, the company collaborates with the world's leading clinicians and researchers to address unmet healthcare needs, working to improve patient outcomes and enhance lives. Headquartered in Irvine, California, Edwards Lifesciences has extensive operations in North America,

Europe, Japan, Latin America and Asia and currently employs over 10,000 individuals worldwide.

For us, helping patients is not a slogan - it's our life's work. From developing devices that replace or repair a diseased heart valve to creating new technologies that monitor vital signs in the critical care setting, we focus on helping patients regain and improve the quality of their life. Edwards is an Equal Opportunity/Affirmative Action employer including Minorities, Females, Protected Veterans, and Individuals with Disabilities.
