- Identify and collaborate with internal stakeholders in the development of key operational efficiencies through automation.
 - Own all aspects of managing and growing the Customs Brokerage organization in terms of day to day operations, account growth, and workload balancing.

You should have:

- U.S. Customs broker license
- BS/BA Degree and approximately 4 or more years of related work experience in the industry.
- Experience leading a team to success.
- The ability to recommend and drive decisions while ensuring compliance with customs regulations, rules, and policies.
- The ability to understand challenges or underlying concerns, share ideas, and develop effective responses.
- The ability to recommend and drive decisions while ensuring compliance with customs regulations, rules, and policies.
- Must have strong mindset towards advancing programs using emerging technologies.

About Flexport: We believe global trade can move the human race forward. That's why it's our mission to make global trade easier for everyone. We aim to do this by building the Operating System for Global trade - a strategic model combining advanced technology and data analytics, logistics infrastructure, and supply chain expertise. Flexport today connects almost 10,000 clients and suppliers across 109 countries, including established global brands

like Georgia-Pacific as well as emerging innovators like Sonos. Started in 2013, we've raised over \$1.3B in funding from SoftBank Vision Fund, Founders Fund, GV, First Round Capital and Y Combinator. We're excited about the three big ways we're moving forward after our recent \$1B investment from SoftBank Vision Fund in February 2019. We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status
