## Job Description

### Requisition ID: 9296190709

Johnson & Johnson Health Care Systems Inc. (HCS) is currently recruiting for a Customs Valuation Analyst.

Johnson & Johnson Health Care Systems Inc. provides account management and customer support services to key health care customers, including hospital systems and group purchasing organizations, leading health plans, pharmacy benefit managers, and government health care institutions. The company also provides contract management, logistics and supply chain functions for the major Johnson & Johnson franchises.

Johnson & Johnson Deliver Group is part of Johnson & Johnson's global Supply Chain organization supporting operations across all of the Johnson & Johnson Family of Companies. Deliver strives to deliver an exceptional customer experience through leading critical customer-facing-functions such as customer service, distribution and transportation. In addition, Deliver oversees critical business enablers, including how we gather and manage supply chain master data, safe and secure supply chain practices, product identification standards, and market/channel access capabilities. It supports all three sectors of Johnson & Johnson: Medical Devices (including Vision), Pharmaceutical, and Consumer Products. Located in every region of the world where Johnson & Johnson operates, Deliver is a critical component of our supply chain, working collaboratively to ensure that quality, safety and the experience of our customers is our top priority.

As the Customs Valuation Analyst, you will support the implementation of global customs valuation procedures, collaborating with business partners across multiple functions, sectors and regions.

#### Your Key Responsibilities:

- Support implementation of a global pharmaceutical valuation methodology for non-commercial shipments.
- Act as a central global resource in collecting, summarizing and communicating reportable financial adjustments (transfer price adjustments, royalty and license payments) for customs valuation resources.
- Perform periodic risk assessments to identify and remediate compliance gaps and standardize best practices in the customs valuation space.
- Educate and inform business partners on customs valuation requirements across multiple sectors, regions, and functions (i.e. Finance, Legal, Procurement, Trade Compliance).

#### Qualifications

- Minimum Bachelor's degree required
- Minimum two (2) years of relevant work experience required
- Finance experience and an understanding of finance concepts preferred
- Experience preferred in logistics, customer service, transportation, distribution, operations, or supply chain
- Experience within the Healthcare or Pharmaceutical industries is helpful
- Project management experience preferred
- Possess analytical skills, intellectual curiosity and a results-oriented mindset
- Requires Intermediate Microsoft Excel proficiency; proficiency with pivot tables and VLOOKUP preferred
- Ability and interest in learning new technologies; Alteryx or data visualization tool experience is helpful
- Strong communication skills and the ability to work with others
- Demonstrated organizational skills and ability to manage multiple workstreams
- This position is based in New Jersey with flexibility for remote work up to 3-4 days weekly
- Requires up to 10% domestic travel

Johnson & Johnson is an Affirmative Action and Equal Opportunity Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, age, national origin, or protected veteran status and will not be discriminated against on the basis of disability.
