SEPTEMBER 1, 2021

When

September 1, 2021
9:00-10:30AM (PST)

Join us for an open discussion with the U.S. Customs Office of Regulations and Rulings in Washington D.C. covering country of origin. In this interactive and engaging event we will cover the latest information on substantial transformation and the new Part 102 origin (USMCA) rules on imports from Mexico and Canada.

Country of Origin is one of the most critical trade data elements. Country of Origin impacts include marking/labeling, Section 301 and 232 liability, ADD/CVD, admissibility and government contracting.

If you manage importations into the United States, you must attend this event.
