

## **International Licensing Analyst Littleton, CO**

<https://www.lockheedmartinjobs.com/job/littleton/international-licensing-analyst/694/12600318304>

The coolest jobs on this planet... or any other... are with Lockheed Martin Space.

The International Trade Compliance organization has an exciting opportunity for an International Licensing Analyst in Littleton, CO.

In this dynamic role you will:

- Function as an import/export authority for Denver-based programs and operations, providing analyses of governmental import/export regulations (ITAR/EAR), laws and requirements and interpretation with specific or general reference pertaining to the Space business.
- Provide real-time export and technology transfer guidance to operational programs reporting up through Space's Denver campuses.
- Identify program specific import/export requirements, obtain detailed information from business development, customer support, procurement and contracting related to spacecraft programs and components in order to prepare and submit required import/export licenses and agreements
- Develop licenses/agreements and provide program-specific guidance and procedures assuring compliance with regulatory requirements and company policies and procedures.
- Provide import/export training for program management and personnel.
- Ensure technical specifications, documents and technology to be exported to foreign parties satisfies license requirements, protects intellectual and proprietary rights, and is disclosed in accordance with company export procedures and processes and under the authority of appropriate MLAs, TAAs and licenses.
- Lead, motivate, mentor and train spacecraft program personnel responsible for international activities through effective communication and teamwork.
- Support internal and corporate assessments and audits of import/export activities, and assure proper reporting of results.
- Facilitate implementation of audit findings of import/export activities to correct any shortcomings.
- Analyze and identify compliance training requirements based on unique program areas and specific import/export needs and develop tailored training programs for individuals or groups to ensure continuous awareness of import/export compliance requirements.
- Work with team to implement training program and process technical data for export to foreign customers and clients.

**Candidate will typically have a Bachelor's Degree and 6+ years or experience or a Master's Degree and 4+ years of experience.**

**Please note this position requires the ability to obtain and maintain a TS/SCI with Polygraph. U.S. Citizenship required.**
