

CURRENT COVID PROTOCOL FOR SAN DIEGO

We will continue to update this information as it becomes available. For now, these are the guidelines:

San Diego Covid Protocol as of 2/14/2022

Indoor mask mandate is set to expire on 2/15 for those who are vaccinated. Masks will still be required for those unvaccinated, but this will be on the honor system and not something the Hotel will be asking. As of now all staff regardless of vaccination status will continue to wear masks.
