

GlobalTradeJobs

Job Description:

Perform export and import management, international purchase and inventory management, and coordinate with suppliers both foreign and domestic.

Maintain International quality standards and perform international and domestic marketing. Drive strategic sourcing initiatives globally to improve quality of products imported and drive down cost, lead-time and risk across production portfolio. Responsible for managing supplier overhead, efficiency gains, current partner reviews, and future partner recommendations. Provide process expertise to execute sourcing strategies and lead supplier management. Manage opportunity assessments, data analysis, supplier negotiations, and supplier contract execution. Explore new product lines, business developments, supplier support and international trends.

Understand and document supply/demand capacity dynamics, trends and issues, cost structures, impact of underlying material cost driven trends, and methods and opportunities to lower cost. 40 hrs/wk. Must have Bachelor's degree or equivalent in Commerce, Business Management, Business Administration or a related field (will accept a bachelor's equivalent based on a combination of education and work experience as determined by a professional evaluation service. Applicants with any suitable combination of education, training, or experience are acceptable). Must have 2 years experience (or 2 years experience as General Support, Customer Support, Sourcing Manager, Purchase Manager or related occupation). Must have 2 years experience in the sourcing, processing and quality of granite and natural stone.
