Full Job Description

About GlobalFoundries:

GlobalFoundries is a leading full-service semiconductor foundry providing a unique combination of design, development, and fabrication services to some of the world's most inspired technology companies. With a global manufacturing footprint spanning three continents, GlobalFoundries makes possible the technologies and systems that transform industries and give customers the power to shape their markets. For more information, visit www.gf.com .

Summary of Role:

The Sr. Specialist - Trade Compliance candidate will join a team of trade compliance professionals responsible for GLOBALFOUNDRIES' Global Trade Compliance Program, which is part of the Legal Department. The trade compliance program is an integral part of the company's operation, and we seek a candidate with excellent leadership, organizational, communication and collaboration skills to partner with the trade compliance team in the U.S., Singapore and Germany to provide trade compliance and execution support. The role will include the implementation and evaluation of trade compliance strategy, programs, policies and procedures with a particular focus on export regulations. The position will report to the Deputy Director for Trade Compliance and may be located remotely.

Essential Responsibilities Include:

- Provide export compliance support as required under the EAR and ITAR including:
- Classification under the Commerce Control List and the Munitions List;
- Licensing of products and technical data;
- Foreign national screening and licensing (deemed export);
- Denied party screening and licensing;
- Export clearance of company's goods and technology.
- Partner with numerous organizations within the Company including Legal, Logistics, Supply Chain, Sales, IT and Engineering to develop and execute defined procedures.
- Provide ongoing training, development and guidance for internal employees and external vendors and suppliers and maintain, review and update trade compliance manuals.
- Monitor, review and interpret import and export regulations, laws and requirements including other government agency (OGA) regulations and help revise compliance policies and practices in accordance with changing legal framework and business models.
- Develop and implement trade compliance audit programs.
- Provide advice and counsel on trade requirements for major initiatives and special projects.
- Drive continuous improvement of the Company's Global Trade Compliance Program, including automating processes and procedures.

Other Responsibilities:

- Perform all activities in a safe and responsible manner and support all Environmental, Health, Safety & Security requirements and programs.

Required Qualifications:

- Bachelor's degree required.
- Minimum of 5 years of experience in international trade.
- In depth knowledge of, and extensive experience with, the Export Administration Regulations (EAR).
- Up to 10% travel.

Preferred Qualifications:

- MBA, J.D. or engineering degree a plus
- Experience in SAP and GTS
- Experience with Focused Assessments, ISF and/or C-TPAT a plus
- Customs broker license.
- Experience with encryption, technology transfers and deemed export programs.
- Experience with the International Traffic in Arms Regulations.
- Strong export classification skills.
- Prior experience with developing and implementing trade compliance programs in large, global companies.
- Excellent oral and written communication skills with the ability to present to an audience who may or may not have an understanding of international trade.
- Action and results oriented, flexible, hardworking and a team player; strong analytical skills, decision making ability and the ability to thrive in a fast paced business with frequent and rapid priority changes.
